EXPERIENCE

Jamia Poly | HTML,CSS,JAVASCRIPT

Web Developer work | Oct. 2024– Feb. 2025, Akkalkuwa India

- Spearheaded the design and implementation of responsive web interfaces, utilizing HTML, CSS, and JavaScript to enhance user experience and engagement
- Developed and maintained a suite of interactive web applications, resulting in a 35% increase in user interaction and retention.
- Conducted thorough code reviews and debugging sessions, ensuring the delivery of high-quality, optimized, and secure web solutions.

PROJECTS

Unique Computer Class | A USER-FRIENDLY PLATFORM

Live Link

• Developed a comprehensive platform for Unique Computer Class, featuring an intuitive interface for students and teachers to access study materials, admission details, and announcements.

• Implemented user authentication, course management, and a responsive design to enhance the learning experience.

MSBTE Hub | A CENTRALIZED STUDY RESOURCE

Live link

• Created MSBTE Hub, a one-stop platform for diploma students to access syllabus, notes, model answer papers, video lectures, and other resources based on their selected branch and semester.

• Implemented Google authentication, dynamic subject selection, and a seamless user experience to enhance learning accessibility..

Furniture Website | FULLY FUNCTIONAL E-COMMERCE PLATFORM

Live link

• Designed and developed a fully functional e-commerce website for furniture shopping, featuring product listings, user authentication, and secure payment integration.

• Implemented a responsive and visually appealing interface to provide a smooth online shopping experience.
